Massachusetts Library System (MLS)
Annual Report July 2019 - June 2020
Hello MLS Members, Partners, Supporters, and Friends,

I am pleased to share our FY 2020 Annual Report. Like many of our libraries, FY20 began with good plans to offer consistent and responsive services to our members…and ended with a shift in almost everything: methods of service delivery, expectations, and advocacy.

- We began FY20 with another move. Our Marlborough office moved about 5 miles west to 33 Boston Post Rd West. We reduced our square footage (and lease costs) while gaining a better workflow setup, a bigger training space, and plenty of workspace for visitors and staff. In traditional times, our space is available to members for booking for events and meetings.
- We created our new strategic plan! Consultant Stephanie Chase led us through our first virtual-only planning process, with an emphasis on member participation. I am very proud of our NEW Strategic Plan 2021-2024 and I am pleased to share it with you! Our new plan will allow us to focus on the specific things members need from MLS, while being flexible enough to adapt to what comes our way.
- Members used our services more than ever! Many of our services and programs saw record highs in FY20.

Please read the following report to learn more about MLS and the work we’ve accomplished and will continue to do. Last year, I mentioned in my letter that FY20 would be an exciting year for us; I had no idea how exciting! We are looking forward to FY21 and are thrilled to kick off the celebration of our 10th birthday and a new strategic plan.

I encourage you to continue to share your ideas with us. Our successes would not be possible without the dedicated work of our board of directors, members, partners, and supporters and especially our talented staff, who, though a year filled with uncertainty, worked hard to ensure sustained and stabilized services to our membership. I thank you for your continued support.

Sarah Sogigian
Executive Director
Consulting and Training

“Thank you so much for thinking of us and for reaching out! .... I am so grateful for all the work that you and your colleagues are doing to support the MA library community through [the pandemic].” - academic library

973.25 consulting hours
142 events
6,341 workshop attendees

MLS consultants are committed to offering outstanding continuing education opportunities for library staff to promote equitable access to excellent library services for all who live, work, or study in Massachusetts. This year, MLS offered workshops on a broad range of topics including middle school services, creating surveys, collection development, time and project management, media mentorship, and Coronavirus (COVID-19) related trainings. Due to the growing COVID-19 pandemic, MLS suspended all in-person training and consulting services in mid-March. Our consultants quickly converted content from a number of their classes into an online format. In order to support library staff during the pandemic, the Consulting and Training Services Team worked to provide a number of live online learning opportunities and variety of online learning resources.

Highlights
- Virtual Check-ins
- Basic Library Techniques (BLTs)
- Teleworking Tips Videos
- Early Childhood Literacy Webinars
- Copyright First Responders Program
- Building Your Leadership Toolbox
- Coronavirus (COVID-19) and Massachusetts Libraries LibGuide
- Small Library Management Webinars (partnered with ALA Publishing and supported by a grant from the Manton Foundation)
- Communities in Crisis: Libraries Respond to the Opioid Epidemic
Summer Library Program

In an effort to support public libraries with their summer reading and learning initiatives, the MLS provides training, promotional materials, a program manual and guidance, as well as membership in the Collaborative Summer Library Program (CSLP). The statewide summer library program is funded by your local library, the MLS, the Massachusetts Board of Library Commissioners (MBLC), and the Boston Bruins.

Over 200 libraries across the Commonwealth bring summer related programming to nearly half-a-million community members. Massachusetts Libraries reached for the stars during the 2019 statewide Summer Library Program, “A Universe of Stories”! An out of this world number of people attended programs for all ages at public libraries across the Commonwealth.
As MLS began to receive questions about COVID-19, the Consulting and Training Services Team worked collaboratively with MBLC to create a guide providing resources about the virus and how libraries could begin to prepare for it. As new information became available, MLS staff worked to keep members informed. The Coronavirus (COVID-19) and Massachusetts Libraries Guide provided libraries with information on pandemic planning, workplace safety, what your library can do remotely, webinars, reopening, and more.

“I think it’s remarkable what MLS has achieved during the pandemic. Thank you for creating updated and accurate information for the Massachusetts library community in this time of crisis.” - special library

Coronavirus (COVID-19) and Massachusetts Libraries LibGuide:

During the early months of the COVID-19 pandemic (March-June 2020), the use of our online learning resources saw a dramatic increase in use from the same time the previous year.

94,592 more LibGuide views than FY19

73,000 more page views COVID-19 guide than FY19

15,661 more webinar views than FY19

“Grateful to have such a well thought out and executed guide that both supports and educates.” - school library
After the closure of schools in mid-March, usage of the OverDrive K-12 Shared Sora Collection for schools increased dramatically. Interest from schools in joining the program also increased significantly and several schools joined the program during the final months of FY20.

Commonwealth eBook Collections

After the closure of schools in mid-March, usage of the OverDrive K-12 Shared Sora Collection for schools increased dramatically. Interest from schools in joining the program also increased significantly and several schools joined the program during the final months of FY20.

Statewide Databases

MLS continued to offer well attended training sessions throughout the year. New databases were added in January, 2020:

- Opposing Viewpoints in Context (Gale)
- Career Transitions (which is now Gale Presents: Peterson’s Career Prep) (Gale)
- HeritageQuest Online (ProQuest)
- Science Database (ProQuest)
- Research Companion (ProQuest)
MLS and the Rhode Island Office of Library and Information Services (OLIS) continue the Interstate delivery program.

Two new libraries joined MassCat: Rising Tide Charter Public School, Plymouth and Tower Hill Botanic Garden, Boylston

Towards the end of FY20 Resource Sharing halted because of the pandemic. Delivery shut down from mid-March until mid-June.

Resource Sharing

Delivery - Document Delivery - Interlibrary Loan - MassCat

“Very grateful for this feature, as we are a very small library and rely on ILL for quite a lot of our circulation.” - public library

“Delivery moves an amazing amount of items in a very reasonable amount of time. Our patrons appreciate the service." - public library

14,247 ILL & DocDel requests processed

9,100,000 items delivered

3,506 items MassCat shared

Highlights

- MLS and the Rhode Island Office of Library and Information Services (OLIS) continue the Interstate delivery program.
- Two new libraries joined MassCat: Rising Tide Charter Public School, Plymouth and Tower Hill Botanic Garden, Boylston
- Towards the end of FY20 Resource Sharing halted because of the pandemic. Delivery shut down from mid-March until mid-June.
Other MLS Services

MLS offers two additional services that help libraries to save time and money. BiblioTemps® offers a temporary library staffing service, and our partnership with Massachusetts Higher Education Consortium (MHEC) offers access to discounts on everything from library books to 3D printers.

“Our experience with BiblioTemps® has been all positive. Each team member we have had has been professional and dedicated themselves enthusiastically to the project.”
—academic library

BiblioTemps®

In FY20 BiblioTemps® applied for a grant to fund a series of webinars designed to help individual library job seekers build skills related to job searching, interviewing, and other aspects of career development. This webinar series is coming soon in the second half of FY21 and was made possible by CARES Act funding to the Federal Institute of Museum and Library Services as administered by the MBLC.

Cooperative Purchasing

“If we did not have access to cooperative purchasing, my buying power would be almost half what it is now. I cannot put into words how much this means to my students.” —school library

- MHEC membership increased from 33 to 644 in Massachusetts.
- MHEC created a library landing page to help librarians access information quicker and easier.
