

Massachusetts Library System Committees and Task Forces (June 2015)

MLS Advisory Committees

Advisory Committees help shape direction for MLS. Staff from all types of libraries provides advice to the Executive Board. Their input builds the annual Plan of Service and influences the budget. In forming committees, MLS aims for diversity in library geography, type, and size. Committees meet quarterly or less frequently. Members are appointed for renewable two-year terms. Each Committee will have an Executive Board and staff liaison.
